

**Experient****Infordation Vietnam**

Nha Trang, Khanh Hoa

**Junior Backend | 1+ year**

12/2023 – 2/2025

- Developed and maintained scalable backend solutions using Node.js and Express framework.
- Designed and implemented REST APIs, ensuring efficient data exchange and seamless integration with frontend applications. Worked extensively with NoSQL databases (MongoDB) and SQL (mysql).
- Integrated authentication and authorization mechanisms such as OAuth and JWT for secure access management. Implemented microservices architecture and containerization using Docker.
- Utilized message queuing systems (RabbitMQ) to build notification systems.
- Applied Agile development processes, actively participating in sprints and task management using Jira.
- Wrote unit tests using Jest to ensure code reliability and maintainability.
- Collaborated closely with cross-functional teams to deliver high-quality, user-centric solutions.

**Projects****E-commerce webshop**

Nha Trang, Khanh Hoa

**Junior BE member | Team size: 7 members**

- Technologies: Node.js, Express.js, MongoDB, JWT, Docker  
Developed comprehensive e-commerce platform backend with scalable architecture, implementing secure user authentication, product management, and order processing APIs.
- Key Achievements:
  - Created robust RESTful API infrastructure
  - Implemented secure JWT authentication system
  - Using RabbitMQ create Notification system
  - Designed modular, scalable backend solutionDelivered high-performance backend system supporting seamless user experience and business operations.

**Education****Nha Trang University**

Nha Trang, Khanh Hoa

Bachelor of Information Technology

Expected 2024

**Leadership & Activities****Young Talent Communication**

Nha Trang, Khanh Hoa

Member of Digital design &amp; Technical department

2020 – 2022

- Social Media, Design and Event Management Club at Nha Trang University.

**Skills & Interests****Technical:**

|                 |   |
|-----------------|---|
| Language        | JavaScript, C#, PHP, Dart, Python                   |
| Framework       | Express, NextJS, NodeJS, ASP.NET, Flutter           |
| UI library      | Chakra UI, Tailwind CSS                             |
| Database        | MongoDB, SQL server, MySQL, Elasticsearch, Redis    |
| Cloud           | AWS s3, Ec2   |
| Operator System | MacOS, Ubuntu, Windows                              |
| Tools           | Git, Postman, Figma UI design, Kibana, Jest, Docker |

**Language:**

- English TOEIC 650

**Interests:** Audiophile with a deep passion for sound and new technology gadgets, always interested in and keeping up with the latest technologiess
